Customer Reviews

Took the kids to one of those snake and reptile shows and left with a very cute, cute, cute tortoise. But little did I know the amount of care and expense it would take to care for it. But sooo found out! Tons of money for that breed and more time, attention, and cost associated with it. The book spelled it all out. Great book! Took tortoise to a recuse shelter after 4 months and $1500 later.

I absolutely am in LOVE with my, just recently 1 year old baby Sulcata Tortoise and this book helped me learn much more about them and helped keep her alive this far. I love it an very helpful!!!

Very informative book. Will most definitely refer back to it from time time with questions concerning my sulcata tortoise.

Great beginners book to learn about the care of Sulcattas!

Great information. Thank you so much!

Good info on all things needed to keep a tortoise. And yes it was more related towards these two. Good to start with before you decide on getting one.
