National Geographic Kids Everything Soccer: Score Tons Of Photos, Facts, And Fun

Synopsis

Score! Finally, a book that explains everything about soccer -- a favorite team sport played by millions of kids around the globe. From patches of dirt to gleaming turf, soccer is a game for all. Meet soccer's superstars. Learn the rules. Get kitted up, get out on the field, and show off your fancy footwork. Each book in the National Geographic Kids Everything series has more than 100 pictures, an explorer's corner with from-the-field anecdotes and tips, fun facts throughout, maps and infographics, an illustrated diagram, a photo gallery, cool comparisons, a behind-the-scenes photograph, an interactive glossary, and more. Ready to become the ultimate footie fanatic? Take aim! It's time to learn everything about SOCCER.

Grade Level: 3 - 7

Customer Reviews

BLAKE HOENA has written numerous children's books, including two previous titles in this series: National Geographic Kids Everything Dinosaurs and National Geographic Kids Everything Mythology.

I was disappointed because it wasn't what I expected. I thought the book was too small and the facts weren't that exciting for a kid, especially a girl, etc. But I gave it to my 8 year old daughter

anyways, and she loves it. She's only skimmed through and read a few things (I think that's what she likes about it - you can read it in pieces) - but she said it was one of her favorite gifts.

This was a gift for my son. He told he wanted to learn more about soccer. But when I ask him about this book, he has nothing to say. Sometimes you have to ignore the things your kid agrees too.

I am a fan of National Geographic. As a soccer fan and the dream to become a soccer player, my son absolutely loved it - he enjoyed all the interesting facts that this book is packed with. The good thing is that the child can read small bits & pieces instead of reading whole pages. He can skim through easily on to the information he wants to read.

My son loves this book. There's so much information and at his reading level too. He is in first grade now and loves soccer. This book has history and lots of interesting facts.

Perfect book for my 9 year old daughter who is obsessed with Soccer! The pictures and information are kid friendly!

Excellent book for a young soccer aficionado. It taught him more about the soccer world

good buy

This was a gift and the child loved it.
