Customer Reviews

An awesome collection of 200 air fryer recipes that will probably blow your mind. I love this device and make my life more delicious but I always knew that I am not using its true power and searching for a good recipe book before finding it. Now my searching is over at least for 200 recipes to try. The author wrote this book very well organized is easy to follow that will make your cooking job easy and

give you more delicious taste.

Terrible. Very difficult to navigate on a kindle, no pictures, awful type-o mistakes or grammatical errors everywhere.

Smooth transaction and prompt delivery - thank you

cant say much--it was just ok

Terrific!!

Lots of good info. It helps to choose which airfryer is best for you.

Worst cookbook I have ever bought. Index gives list of recipes and page number but pages are not numbered. Only gave it 1 star because 0 was not a option.

The fryer is awesome. However, when it malfunctioned 2 months after I bought it. I was told sorry no warranty. I ordered a new one from someone else. But the fryer is great, I am replacing it.
