## **Customer Reviews**

This book is very much loved by my cat crazy daughter. She is almost 7, but reads 3-4th grade level, so she reads out loud from it all the time (hoping I'd get her a cat). Plenty of pictures and writings are good.

Get this before you choose a cat. Each breed is so different. It is important to understand what you are paying for.

My 4-year-old daughter absolutely loved this book, she has been very interested in cats for a while and being able to see different breeds was fun for her.

This book has lovely photos, explains the various cat breeds, and it great for a cat lover. I bought it

as a gift and the quality is nice.

It's perfect for my 8 yrs old cat lover she received for her bday it's fall and loves it ! Has a lot of breeds I recommend this book along with the learn to draw cats and kitten book. It pairs perfectly with this book like a match made in heaven lol. So look it up on .

They have a nice verity of breeds shown, and good pictures of each breed. They spend most of their space describing cats colors, looks, and show requirements, but I found IF your lucky, maybe one short line of personality traits on how they blend with a family or other cats, or dogs. Was somewhat disappointed about that!

I was hoping the descriptions of each of the cats would be more detailed as to their personalities. Oh well.

lots of helpful information and pictures for identification
