This map includes the locations of cities and towns with a user-friendly index, a clearly marked road network complete with distances and designations for roads/highways, plus secondary routes for those seeking to explore off the beaten path. Adventure Maps differ from a traditional road map because of the specialty content they include. Each map contains hundreds of diverse and unique recreational, ecological, cultural, and historic destinations • outside of the major tourist hubs. National Geographic Adventure Maps are the perfect companion to a guidebook. The Jamaica Adventure Map covers the entire island nation in one easy to use map. The east side of the map includes the capital city of Kingston, Blue Mountains - John Crow National Park as well as Morant Point on the eastern edge of Jamaica. The west side of the map includes the famous tourist destinations of Montego Bay and Negril with its miles of uninterrupted white-sand beaches. The map also shows the many offshore reefs that ring this Caribbean nation. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough • capable of withstanding the rigors of international travel. Founded in 1915 as the Cartographic Group, the first division of National Geographic, National

Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.

Not very detailed. I was looking for a map to cut out and make a wall piece. Unfortunately they split the map in the exact spot I want. There are no close ups so the map only shows the main roads, which there aren't many. Basically, this is more of a travel brochure than a map for navigation.

Map came with a big ass crease in the corner due to bad packaging, but the map is great, provided you ever need to actually use it (highly unlikely).

Great map, easily folded but seems sturdy

I am very pleased with it. It is exactly what I wanted.

came as advertised

good map

Great msp.

We have ben to Jamaica several times for a week's stay and by cruise ship. This guide gave us insight on many more interesting adventures to explore when we go back in October.
