# Scandal In The Pews II: When The Tables Turn (Sheila's Story)

## **Synopsis**

"Every Saint has a past and every sinner has a future" -Oscar WildeWhat happens when the leaders we hold in high esteem are morally corrupt? The citizens of the pews become tainted as Scandal erupts. The focus of the church turns from holiness to whoredom filled with sinful flesh and ugly greed. Therein lies a tell of what happens when prayer warriors find alternate activity to do on there knees. Sheila Denise Fortune was the woman the world counted out, after the demise of her sacred union, death of her beloved son, and painful secret revealed. Her reemergence from the ashes and cinders that threatened to burn away her sanity, a woman ready to stake her claim on all that was stolen. Her new found confidence has the world recalculating how they ever counted her out, and her past enemies seeking her sound advice. Gregory Fortune is experiencing newlywed bliss with the love of his life, while feeling conviction to make some infractions of his own past right. Playing church is no longer acceptable in this household. Gregory longs to see his wife exemplify in the church the same kind of power she does in the boardroom BOLD. Nadira couldn't be happier to finally have the title she fought tooth and nail for, but with all her many executive hats the office of First Lady is not one she voluntarily signed up for. Myka has found inner peace with her diagnosis, and is learning to live again. Nadira's other best friend Isha can't seem to get it right. She longs for love but is searching for it in all the places that lead to a path that isn't quite right. The pews are still scandalous indeed but the stories aren't the same much like Sheila's last name. The tables have turned and lessons have been learned as the past and the present unite. New Allies will form, demons will emerge, old issues are laid to rest and the gladiators of the pews are forced to say some pleasant hello's and painful last goodbyes.
