The Financial Peace Planner: A Step-by-Step Guide To Restoring Your Family's Financial Health

Synopsis

Get out of debt and stay out with the help of Dave Ramsey, the financial expert who has helped millions of Americans control their money. The Financial Peace Planner may be the most valuable purchase you ever make. Dave Ramsey's practical regimen, based on his own personal experience with debt, offers hard-won advice and much needed hope to people who find themselves in serious debt and desperate for a way out. This book comes in a workbook format, allowing you to frequently monitor your progress and, most importantly, to face your situation honestly. Loaded with inspirational insights that come from personal experience, this set of books will be life changing for any debt-ridden readers. You'll find help on how to:

- Assess the urgency of your situation
- Understand where your money's going
- Create a realistic budget
- Dump your debt
- Clean up your credit rating

Ramsey Solutions offers a suite of products and services to help people get control of their finances and other aspects of their

lives. Follow Ramsey on Twitter at @DaveRamsey and on the web at daveramsey.com.

yet another great book from Dave Ramsey. I recommend all of his books!

It's a great financial planning book. I bought several so I can give them away.

Only into the first couple chapters, but really like the straightforward approach to money management!

Dave Ramsey's Financial Peace Planner is well organized. The financial planner meets the goal of identifying your financial position and establishing short term and long term goals. You will get the same information for a lot more money if you hire a financial advisor. Dave's planner is an effective way to use his expertise to teach the reader how to take charge of his/her finances. The planner will provide an invaluable source of information leading to your financial independence!

I just started yesterday, and I love the book already! It's simple, and I like the principles and exercises on which it is based.

This is a great book. The price you get it for online and the fast shipping make it the best way to buy at these days.

Amazing book will absolutely help you get your finances in order.

This book is so "common sense" and helpful. Strategies that one knows but does not apply. So much easier to understand than listening to a "financial planner". I would recommend this book to all.
