Counting Heads - Journeys To Noumea, Tahiti And France

Synopsis

The romance and history of France, Tahiti's stunning scenery and the quaint charm of Noumea form the backdrop to this story of journeys to French-speaking countries. But the author does not go alone. She has three dozen teenagers in tow and their halting attempts to make themselves understood lead to some hilarious escapades. So if you are wondering whether your half-remembered school French or your smattering of night-school Spanish will be enough to cope, share the experiences of these teenagers as they discover that, with goodwill and a smile, they can make a little of a foreign language go a very long way. Join them as they rock-climb with gendarmes, snorkel in Tahiti's magnificent lagoon, and star on the TV news in Noumea. Highlights of their tour of France include Monet's garden, the D-day landing beaches, châteaux of the Loire and the snow-clad alps. In Paris they fall in love with the food, the architecture and the other students in the hostel. Young people make delightful touring companions. Their vitality, humour and high spirits add a whole new dimension to overseas travel. Why the title "Counting Heads"? With hazards ranging from amorous Gallic youths to traffic that hurtles along on the "wrong" side of the road, the teachers are determined to bring home the same number that they took away.
