At a time in life when things are hectic and we need to slow down and free ourselves of life's worries and come to terms with ourselves, this book could not be a better selection. Whether you are at a crossroad in your life's journey, or just want to become more in tune with yourself, this is the book of

choice. It was exactly what I needed at the precise moment in time I needed it. Well written and full of good advice as to how to come to terms with yourself and your life journey. Insightful, and great reading. Take it slowly and absorb what the author says, as it is truthful, and full of spiritual wisdom.

This book has helped me to realize what love really is. I thought i already knew, and i consider myself to be a pretty loving caring person. But i think everyone needs to read this book in order to be emotionally free. Since i have read it, i have been constantly HAPPY! I have learned to let the love that is all around us in, and it has made a world of difference to me, and my family is happier because of it too.

I just loved this book. *Unconditional Love - An Unlimited Way of Being* is a very thorough explanation of who we really are and just how we can access the very essence of who we are through unconditional love because that is exactly what we are. The author Harold W. Becker takes us along on the journey of his own self discovery and he lovingly shares insights that help awaken the truth in your heart. As I read this book I could feel Universal Energy or Unconditional Love flowing from his heart to mine. This is a book you will want to reference frequently I use it for a little pick me up when I need a hug. I am also on the path to self discovery and I have had some very similar experiences and it validated for me that it is a good thing to be totally responsible for your life. I used to feel it burdensome to be totally responsible for my life and all that that entails but Harold lovingly reminds me that being responsible means total freedom to choose again to try something totally different and get new results. I really feel like Mr. Becker understands the human experience as well as the human potential and is leading the way. The human experience is getting a huge upgrade and this author has his finger on the pulse. The human race is evolving into the human angel and Mr. Becker is leading the way. This book made me feel hopeful and full of excitement and anticipation for the things to come into my life through consciously creating what I want to experience in my life. This is not just another self help book. This book creates a pathway to experience a whole new world, a whole new way of seeing and interacting with the world. Thank you to Harold W. Becker for writing a loving, thoughtful, insightful and richly informative book on the human potential.

*Unconditional Love - An Unlimited Way of Being* contains basic truth and wisdom. I've read other books by Harold Becker and have attended some of his workshops. He lives his message and reaches others with compassion and gentleness through his work and also through *The Love*

Foundation, which he founded. I'm sure we'll see his name with the famous in giving us life changing ideas. I would highly recommend this book to anyone who wants to experience peace, growth and positive change. To unconditionally love makes life become a joy and a blessing. It has helped me in my life and especially in my work with others: I help with Spiritual Direction and healing. I've ordered several copies to keep in my office at our church when people come to seek answers. What a beautiful tool for healing! Thank you Harold, for your wisdom, your truth, your willingness to share your gifts with the rest of us through your writing and workshops. M. Murphy, Reno NV

I believe that most people will say they contemplate their existence and purpose in this life on an ongoing basis. And, what generally happens, is that the search goes to the outside world for answers instead of the inside. "Unconditional Love - An Unlimited Way of Being" takes you on a journey to your soul. It helps you define who you really are from the inside out and assists you in unleashing the grandness, beauty and incredible being that you really are. This book is truly an amazing gift that you can give yourself to allow the expansion of your angelic wings. Stepping onto an amazing path "to love, of love and in love", Harold Becker has the insight that should catapult his name to the top of the author charts that are shared by names like Deepak Chopra and Wayne Dyer.
