Best Sellers Rank: #126,755 in Books (See Top 100 in Books) #36 in [Books > Cookbooks, Food & Wine > Cooking by Ingredient > Pasta & Noodles](#)

Customer Reviews

A born teacher, Hazan gives clear and easy to follow instructions for making pasta and for cooking more than 100 pasta dishes. Luscious color photos in this large-format book lavishly show all about Italian pasta, from making fresh egg pasta to why particular shapes pair best with certain kinds of sauces. Published in 1993, The Classic Pasta Cookbook remains an ideal way to develop and perfect your pasta repertoire. There are classic recipes, plus dishes like Spaghetti with Leeks, Shallots and Red Onions, and Puttanesca Bianca.

I do not typically take time to write reviews on here but felt I would be doing a serious disservice to all those potential would be pasta chefs out there if I did not enter one this time. This book is a must have for anyone wanting to throw down on some great pasta dishes!!! Most of the recipes use really basic flavors and ingredients that are easy to find in most grocery stores. The recipes are very well written and easy to follow, and most have beautiful pictures to boot. I had never made homemade pasta in my life before buying this book and over the weekend I made 2 of the dishes and was blown away by the results. My wife and I are very excited and determined to prepare each and every dish in this book before it is said and done!!!! Just AWESOME!!!!!!

I had this book in paperback years ago if not 2 decades ago. It is actually the book that I used to start cooking pasta and sauces. I had an exchange student from Italy at the time and she was

impressed with the recipes in the book. It is a great book for beginners, but for the experienced too. It has beautiful photos with clear directions for making and serving pasta and the section of sauce recipes. The author provided large, colored photos of the different types of pasta, sauce ingredients, and the recommended sauces that should be used with each. I was so happy to find this book again. This time in Hardback. I agree with another reviewer,: Grab it if you can find it.

I love this cookbook. The best pasta cookbook I own. All the recipes are amazing. I bought this a gift for a friend.

Bought this book because of the reviews. In my opinion I like the book "Making Artisan Pasta" better because it has quality instructions/pictures and includes recipes for Chinese Pot Stickers, Pierogi's, and other pastas. In my opinion I would get the "Making Artisan Pasta" book first and see if you need any other pasta books from there.

Excellent cookbook. I've seen some that were more complex, but pasta is simple. Hazan presents recipes you'll actually make. Everything is laid out in an organized and sensible fashion. Topics covered include dough, descriptions of various pastas, sauce, and even technique. The book is endlessly informative.

I keep giving this to people and now it's out of print. The ones you get used look really good and unused because few real cooks will give theirs up! It's a DK book. I have many of theirs and only met one I didn't like. Well and clearly written. Good editing. Excellent and very useable. As other reviewers have mentioned, what you cook is what the pictures will look like. Not a book with "styled" food. But very tasty food, suitable for all styles of dining unless one is wearing white...

An old favorite! I've tried many of the recipes, which are clear, relatively simple, and delicious. My daughter has used the pasta-making recipes and has had excellent results. The graphics and photos are great to look at, and the book is well-organized. Pretty, easy to follow, delicious dishes.

Giuliano Hazan wrote a good pasta reference in this excellent book. I use some of his other books more, however, when I am looking for recipes.
