I do a lot of online shopping (thanks) and so I have accumulated tons of boxes, I wanted to find some use for them... this book is amazing! What a genius idea! It's thick, premium high quality paper, and sturdy, not your everyday type book. And the ideas and instructions are so simple!

Like ... grandkids can't wait to make something.

my grandson just loves making things out of cardboard this will give him more ideas

Very creative and fun. As an adult I want to do all the projects, however some may be a bit involved for younger kids.

I loved this book. I want to do everything in it with my children. Me and my hubs are thinking of making the stove project for them for Christmas! such awesome ideas with hours of playing time. worth every penny!

great book inspires hours of play easy instructions but needs some adult supervision for the cutting of boxes

This book has started to provide a great "grandparent/child" opportunity for shared creativity.

Great teaching tool. So many wonderful ideas to use and share. Great Value for all of its ideas.
