## Customer Reviews

Great recipes.

Loved the mix of keto diet and instant pot.

Loved the mix of keto diet and slow cooking. Lots of recipes, clear instructions. Cooking time and preparation time provided for each one, but the most important info is nutritional information, so you can really pick and choose what is really appropriate for your keto lifestyle. Only thing that is missing is pictures of the dishes.

This book is an extraordinary wellspring of data for individuals who are thinking about the Vegan way of life, and additionally the Keto diet. It is extremely helpful and educational. It gives a wide assortment of formulas to change your eating routine. The right include foods that are going to optimize your body for top performance so you can consume and move throughout your day with ease. By the way, I have enjoyed this book.
