Dr Wayne's life work-- wisdom from a life time of counseling and teaching-- distilled into 4 CDs, just for you. You will want to listen to them over and over again until you "get it" because there's just so much there.

it is true when they say when the student is ready the teacher appears. great stuff that i tried to listen to 5 years ago and fell asleep to it. now i cant turn it off.

Down to earth, practical, and most important...applicable! Accumulating information is not enough in our times. Information needs to be processed coherently and presented in a way that it can be embraced, digested and served, in the most nourishing way to our minds and souls! This man is an insightful and gifted spirit! I pray that we can appreciate him in gratitude, as the gentle yet powerful luminary that he is.

Love this, especially now that he's passed away it's a great way to still experience his teachings. So glad I bought this product. Despite the fact that it had to cross continents to get to me, it reached me in perfect condition. Thank you!

Dr Dyer offers ways to achieve your goals in life.

I am a fan of Dr. Wayne Dyer I think he is a great man with great spirituality and humility. I purchased this CD series to keep in the car since I do not have a iPod connection in the vehicle. I was really disappointed In this collection, it has horrible audio and it's just taped from one of his seminars so there is no edit, you can hear things on the cd that were probably not meant to be heard. Maybe he is not aware, everything I purchase on iTunes is perfect.

This Collection resume the career of Wayne Dyer and his peculiar capacity of communicating concepts in an easy way. I'm Italian, and Italian is my mother tongue, yet I understand perfectly Dyer's speeches. This collection fails only in the lack of images and sometimes I missed the gestures that would have marked better the ideas which he was explaining. Buy this collection if you know already Dyer and his books it would help you on stepping into your life on the right feet.

This was a gift for my sister. I love to listen to Wayne Dyer myself.
