Why Coaching Youth Baseball Will Change Your Life

Synopsis

Get out there and Coach - but read this book first! This is not your typical "How To" book; this is my personal journey (with crucial tips thrown in) and chronicles my 15 seasons of managing/coaching youth baseball. New coaches as well as seasoned ones will benefit from this book. Bottom line, if you have the opportunity, I don't want you to miss out and want you to experience what I did when I made that decision that changed my life when I decided to take on coaching youth baseball.

Customer Reviews

Couldn't agree more. Whether coaching baseball or any other sport, being involved with your kids and others is priceless. I would definitely recommend this book. Has insight and a lot of good advice for new managers. It's an easy read.

I have known John pre-manager days as my neighbor and post manager days as a family friend. He was a manager whom I would never turn down a plate at any time; if he needed an umpire, and he had your back if anyone gave you grief. He is a solid individual who did it the right way, for the right

reasons. Great lessons learned and to be followed by anyone who wants to walk away from Little League baseball with no regrets.

Awesome book!
