2014 Standard Catalog Of World Coins - 1901-2000

Synopsis

The definitive catalog of the world's coins! For more than 40 years, the Standard Catalog of World Coins, 1901-2000, has provided the most complete and comprehensive single-source resource to all coins found in the world during this time period. Impressive in size, scope and detail, the new edition of this remarkable catalog offers significant information from more than 120 experts worldwide to provide the most dependable and reliable reference to world coins on the market. Whether a beginning or serious collector, researcher, academician, or coin dealer, The Standard Catalog of World Coins provides invaluable information to enhance your numismatic experience. Organized by country, each listing in the catalog provides: * Up-to-date values listed by date, mintmark and grade. * Globally accepted KM reference numbers. * Clear descriptions of the coin's design features. Coins minted in silver, gold, platinum and palladium offer the following additional information for charting a course in the turbulent precious metals market: * Total coin weight * Fineness * Actual precious metal weight The 2014 Standard Catalog of World Coins, 1901-2000, is the coin catalog you've come to depend on and the one you can trust in world numismatics.

Product Dimensions: 8.2 x 3.1 x 10.9 inches

Shipping Weight: 5.2 pounds (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars 18 customer reviews

Best Sellers Rank: #1,301,401 in Books (See Top 100 in Books) #49 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > World Coins](#) #1048 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Antiques Care & Reference > Reference](#) #2278 in [Books > Reference > Encyclopedias & Subject Guides > Antiques & Collectibles](#)

Customer Reviews

George Cuhaj has served the Krause Publications numismatic staff for 20 years. Before becoming an editor with the Standard Catalog of World Coin series he worked for the American Numismatic Society and as a cataloger for Stack's Rare Coins, both of New York City. Cuhaj is past president of

the American Medallic Sculpture Association and his art medal creations have been show internationally. Thomas Michael has served as a market analyst for 25 years at Krause Publications, which holds a reputation for creating the world's best-selling coin books. Michael holds a bachelor's of arts degree in history and a master of arts degree in economics.

I am a long time user of these Coin Catalogs. I own the editions for the 17th, 18th, and 19th centuries. During the 20th century I purchased a new edition every three or four years, to update my collection. I was looking forward to a complete listing of the 20th century. I use these Catalogs for the types of coins, not for the values. Having been burned on the 40th Edition, I approached this version with care. I prefaced my purchase with a critical email to George Cuhaj, advising that if the omissions of the 40th Edition were not corrected, their Catalog would no longer be one of "The World's Best-Selling Coin Books". I have received my copy of the 41st Edition. It is complete as to the countries included; the index matches the contents; and much more detailed information has been included. As to the completeness of the coins for each country, I can only attest to the completeness of the countries in my collection, as I have transferred all of my annotations to the 41st Edition. I have not checked the thoroughness for countries for which I do not have coins. A new feature is multiple listings, ...i.e. Mexico, Estado de, as well as, Estado de Mexico. However, this device does not extend to China. The index does not include a listing for China, Japanese Puppet States. In the index, Japanese Puppet States are listed only under Japan, although in the book, they are included in the section under China. Let's be consistent, folks. Lastly, we appear to have a new country...namely Begian (sic) Congo. Yes, I can recommend the 41st Edition, which I purchased from .

Recommended for the avid coin collector.

I purchased the 2005 edition a while back. Both of these books are great products, but the 2005 edition is still much better than the current one. The 2005 edition goes from 1901-2004 in American coins, and basically everything else is the same. I would still recommend this book to anyone, I just thought that the new edition would have something better, rather than just a few price updates.

Quick and easy coin reference. Would like to see one that covers non-government commemorative coin release and paper money.

I use this almost daily..not so much for the prices, but too find out what the various coins from the world look like plus their fineness and diameter!

Easy to use and very helpful.

Grandpa loved this book! Helped him with his coins.

Excellent!
