On The Incarnation: Saint Athanasius (Popular Patristics)

Synopsis

On the Incarnation , a new translation and introduction by John Behr, Preface by C.S. Lewis By any standard, this is a classic of Christian theology. Composed by St. Athanasius in the fourth century, it expounds with simplicity the theological vision defended at the councils of Nicaea and Constantinople: that the Son of God himself became "fully human, so that we might become god." Its influence on all Christian theology thereafter, East and West, ensures its place as one of the few "must read" books for all who want to know more about the Christian faith.

Composed by St. Athanasius in the fourth century, it expounds with simplicity the theological vision defended at the councils of Nicaea and Constantinople: that the Son of God himself became "fully human, so that we might become god." Its influence on all Christian theology thereafter, East and West, ensures its place as one of the few "must read" books for all who want to know more about the Christian faith.

This is a fantastic exposition of trinitarian theology and I would eagerly recommend it to people of all faiths. This book has been an inspiration and guide for close to two thousand years and for a very good reason.

I loved it. The book gave form to ideas in my head. I am surely closer to GOD after reading it. On the unity of Christ - St Cyril and On the Holy Spirit - St Basil are invaluable companion reading.

Wonderfully thought out early treatment of the incarnation and the atonement.

One of the greatest books I've read. Fast shipping and great quality. Thanks!

Great subject matter written with the Holy Spirit.

This book is easy to read and gives a clear view of the Incarnation.

One of the best reads. The translation is superb.

fast shipping great product
