The Attacks On The World Trade Center: February 26, 1993, And September 11, 2001 (Terrorist Attacks)

Synopsis

In the wake of the destruction of the World Trade Center towers by terrorists on September 11, 2001, it is easy to forget that these buildings had been the target of terrorist acts once before. This book covers both attacks in detail, with a special focus on the post-September 11 rescue and recovery efforts, and America's response to the worst terrorist attack ever experienced on American soil.

Grade Level: 7 - 12

Customer Reviews

After the second, successful, attack on the World Trade Center Towers in New York City many questions were left unanswered: Who could be so cruel? How could anyone feel this much hate? Could these attacks have been prevented? Carolyn Gard compares September 11, 2001 to the attacks on Pearl Harbor. In *The Attacks on the World Trade Center*, Gard gives step by step accounts of these attacks starting before the first plane left the Boston airport. One of the main purposes of this book is to further educate people in what actually occurred and how some of the victims felt just minutes before their deaths.
