Without A Trace (The O'Hurleys Series)

Synopsis

Redemption. With everything he's seen and done, Trace O'Hurley was way past that. And nothing the flame-haired Irish beauty Gillian Fitzpatrick said could change the fact that he was just a disillusioned man with nothing left to lose. But somehow Gillian made him believe that he could do the impossible—rescue her family, take down a terrorist organization. Ask for forgiveness. Be one of the O'Hurleys again. At last.

Customer Reviews

Nora Roberts is the number-one New York Times-bestselling author of more than 190 novels, including *The Search*, *Black Hills*, *Tribute*, *High Noon*, and many more. She is also the author of the bestselling futuristic suspense series written under the pen name J.D. Robb. Roberts has more than 400 million copies of her books in print.

I read this all the way through to complete the series. The ending is satisfactory but the rest is stilted and poorly written. The book feels amateur, and lacks the warmth and humor of most of Robert's other books. Maybe it is because the couple is so isolated for most of the book. Also, the circumstances they find themselves in is so dire that the romance is off putting. So, bleh. Not the best.

This is such a great book, that I look forward to going back and reading these stories again like

some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about family plus inventive, vivid characters, all on top of seriously wonderful love and romance. Each story is about one key person, usual in a family, or close group of friends, they are linked through intricate, messy links and it's almost like a movie you get the privilege of witnessing about these people's powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite author's, and she doesn't disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for something similar for themselves. All of that is combined into this fantastic series and make this book a "must-have"!!!! I didn't want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the price and more to have a Nora Roberts book in your library collection!!!!!!

Book 4 completed a well written and engaging series. I liked the combination of family trials and unity coupled with intrigue. However, the intrigue and battles seemed a bit overdone thus did not provide the same sense of realism as did the stories of each of the family members and the depiction of the difficulties, the pain, sorrow and love that makes up family life.

like this author and this series

This is the fourth book in the O Hurleys series and the best one. They were all great but the final book has so much excitement. Life and death around every corner. Never read anything about Morocco. Even though this a work of fiction Nora Roberts incorporates fiction and reality together so well. She never disappoints. The series needs to be read in order. They stories build on each other. Wish I could give it more than five stars. Love all series by Nora Roberts.

Great story!

I love it!!

I've been reading many of Nora Roberts' trilogies and other books, as well. She never disappoints me, and now I'm trying out the audio books. Except for one, they've all been great for listening and reading along together, and that one, the audio just wouldn't work with the reading, although I did everything the tech told me to try, so I just gave up. I enjoy reading that way since I have some

problems reading with eyes that want to water and blur after a few pages.
