Yet again, Mary Higgins Clark has come up with a fabulous story that keeps you entangled to the very end...I just couldn't put it down...

A really suspenseful read. The characters true to life, although like all Mary Higgins Clark's books there is almost unlimited wealth attached to at least one character which I find predictable. Still adds a touch of fantasy and as usual the heroine unaffected and thoroughly nice. A good light "escape" type read. Thoroughly enjoyable.

I just love everything from this author.

I have always enjoyed Mary Higgins Clark's work and "I Heard That Song Before" is no exception. Ms Clark has an easy to read, laid-back style which makes absolutely sure that the reader understands exactly what is happening in the plot, something which many current writers make confusing. Peter Carrington is accused of the 22 year-old assumed disappearance and murder of a neighbour's daughter. Kay Lansing, whose father worked as the family landscaper when she was six years old, overhears a conversation in the family chapel in the grounds of the Carrington mansion which, in later years, she understands to have been blackmail attempt. Beset on every side by the assumption of her now husband's guilt, Kay battles to retain her equilibrium when even her grandmother declares Peter guilty of murdering Susan Althorpe all those years ago. The fact that not one person or legal department would appear to have any motive or evidence against Peter does not prevent his being arrested and charged with murder and subsequently being tried by media. Well-written, beautifully paced, a good fast read for a lazy afternoon.*****
