Customer Reviews

Over half of this book is in treble clef. I think it is ridiculous to advertise this as a viola book when half of it is in treble. It is supposed to be a bow technique etude book, not a note-reading in treble clef book. This was a waste of my money.

This is a fantastic bow technique study. Violists must be able to shift and read both treble and alto clefs. It is a book for early advanced students. As an educator I use this with all of my students! I wish a little more of it was in alto clef, but it's certainly a wonderful book!
