Between Two Worlds: Discovering New Realms Of Goalie Development

Synopsis

Justin Goldman, founder of The Goalie Guild and a regional goalie scout for USA Hockey, embarked on a four-month summer journey to Finland, Canada, and throughout the United States in order to discover new realms of hockey goalie development. Traveling over 24,000 miles and scouting more than 250 goalies from May until September of 2014, Goldman was exposed to a plethora of different coaching methods, training environments, and tactical puck-stopping strategies. He had originally planned to write an in-depth comparative analysis of playing styles between North American and Finnish goalies, but as his exhausting summer journey continued, Goldman realized his research was opening the doors for something much bigger. Loaded with science, research, personal experiences, and numerous interviews with some of the world's finest goalie coaches, "Between Two Worlds" provides goalie enthusiasts of all ages and backgrounds with a variety of unique perspectives on the current state of goalie development. It also brings you inside Goldman's mind as he attempts to create a solution to one of the biggest problems currently facing goalie development in the United States – a lack of a goalie coaching certification program. Interviews in "Between Two Worlds" include the following: Jukka Ropponen (Founder of GoaliePro and one of Finland's most tenured goalie coaches), Hannu Nykvist (Director of Goalie Development for the Finnish Hockey Federation), Thomas Magnusson (Director of Goalie Development for the Swedish Ice Hockey Federation), Mitch Korn (Goalie Coach for the Washington Capitals), Corey Hirsch (Hockey Canada Goaltending Advisory Board), Jack Hartigan (Founder of FinnGoalie), Eli Wilson (Founder of Eli Wilson Goaltending), and many more.

Mr. Goldman puts his heart and soul into his research into goaltending. Please be aware this is not a goaltending instruction manual per se, and in my opinion, the appropriate audience would be a professional or very high-level volunteer goalie coach. A "rookie" goalie dad or goalie mom might be a little overwhelmed by this book. I would also note that information on the mental aspect of goaltending as it applies to goalies under 18 years of age can be found in easier to digest formats. Kudos to Mr. Goldman for taking USA Hockey to task for their feeble handling of goalie development in the United States. It has always been the case that the only goalies getting any attention from USAH are the "chosen few" associated with the National Team Development Program. I hope this book will shake up the fossils in Colorado Springs.

Truly a must read for all goalie coaches and parents of goalies. Justin does an amazing job of relaying his international experiences with various goalie yoda's and some of the stories he tells seem like they have to be fiction! As a parent of a young goalie I knew that the system in the U.S. is unstructured, but I didn't know just how unstructured it is compared to Finland and Sweden. I just finished it and I think I'm gone to read it again sooner than later.

Would suggest it to others.

Another great book by Goldman. Anyone interested in the game or goaltending will be blown away by the level of and quality of research performed. I highly recommend both of Goldman's works on the state of goaltending.

Definitely another great book by Goldman. It's great to see how the goaltending cultures are so different. He is spot on with the goaltending certificate program and I hope he can accomplish it!

Fantastic book! Haven't finished it yet, but a lot of great information!

Excellent read tons of great interviews goaltender development and goaltending structure talk!

You will not find a more in depth study of goaltender development any where. You need to make both of Justin's books a part of your library.
