Behold, No Cavities! A Visit To The Dentist (SpongeBob SquarePants)

Synopsis

SpongeBob SquarePants can't wait for his six-month checkup at the dentist! That morning he discovers that not only has Patrick never gone to the dentist, but he never even brushed his teeth! SpongeBob calls his dentist and gets Patrick an appointment that same day. SpongeBob is expecting another cavity-free checkup and getting his name put up on the No Cavi-Tree again when he learns some horrifying news! Will Patrick's name replace SpongeBob's name on the No Cavi-Tree? Will SpongeBob ever be cavity-free again?

Fun book to read.

My child loves the book

I bought this to read to my son for his first dentist appointment. It was a huge HIT with him. He wanted to read it over and over and over and over again. It is certainly an awesome book to read for getting them ready for that first visit. We also bought the Dora's Visit to the Dentist to go along with

it. He loves that book too...we have to read them in conjunction with each other.

My daughter loves spongebob.

Bought for my 3 year old to prepare him for his first dental visit. He loves me reading it and when he actually went to the dentist, they call the sucky thing (that sucks out the spit) by the same name as the book and he loved that. "mr. thirsty"

We got this book and a Dora book about going to the dentist and it was a great combination. My son (3 years) was very excited to go to the dentist and the books really helped him to understand what to expect. We even had a male hygentist, like Sponge Bob, so that was really helpful.

I really like Sponge Bob but, this book would have been too long for preschool .

My 5 year old son loves this book! He has been to the dentist many times and still likes reading about Spongebob and Patrick's adventures at the dentist's office.
