Romania: 2017 Tourist's Guide

Synopsis

This book addresses tourists and people who want to know more information about Romania. The guide is organized into 46 main chapters, each presenting corresponding county and some "need to know" advice. This book teaches you general knowledge about traveling and will also get you familiar with Romanian cuisine. Please keep in mind that there are many to be discovered by yourself. You will find basic information about the main tourist attractions, pictures of them, accommodations for each country and useful routes for your journey. Have a great holiday!

Customer Reviews

I wasn't sure about getting a Kindle version of a travel guide but it worked out wonderfully. I have read the parts of the book I planned to visit before leaving so I knew what information was where. It was so nice to just carry a light weight kindle--I could also use it for reading novels on the train or at cafes. I had a wonderful time in Romania. And the whole trip was remarkably smooth.

I haven't spent much time reading the actual information, but the quality of the pictures inside was terrible. It looked like pictures were taken off google and pasted inside the book. I don't know about

the kindle version, but the paperback is definitely not worth the money.

Calling this a guide, is an overstatement - extremely short and useless pieces of information for each region. Even the region maps are not scaled enough to be displayed properly. Even open-source resources like wikitravel have much more useful information structured better than this book. A waste of time.

Not only informative for people who want to travel to Romania and never been before, but really good for Romanians as well. I didn't even know we had such beauty in this country... Splendid.

This is the best guide for Romania for sure. It's easily the cheapest and I have been surprised to see how much information it contains. If the author makes other guides for different countries I will buy them. Great job! P.S.: I love Romanian cuisine!

The book lists many attractions to visit, but gives very little information about the attraction. Therefore if you visit it, you do not have helpful information

Good book - basic and interesting info. A little too basic in some areas, but still good.
