The Doctrine Of Creation (NGIM Guide To Bible Doctrine Book 4)

Synopsis

This is a popular introduction to the study of creation firmly rooted in the Bible and the evangelical tradition. Each chapter covers an area of the doctrine, stresses its basis, doctrinal importance and interconnectedness to formulating a Christian view of creation and other doctrines. The study questions provided help reinforce the material and make it usable even for a formal study of the doctrine. It is ideal for personal study or in groups for the home, church, school or ministry environment.
