I'm a professional in the field, a Cantorial Soloist at a Reform congregation. I have many books of Jewish music. This is by far the one I use most -- about as much as all of the others put together. It's a great mix of traditional settings of prayers, Jewish folk songs, Israeli classics, classics of the Reform folk-song style (Debbie Friedman, Jeff Klepper, et. al.). If you want to have one Jewish song

book, and you're in the Liberal Jewish world, this is it. Even if you're Orthodox, it's not a bad choice.

Great book! We use it year by year.

Very Nice.

so nice to have such a variety in one book! the notes are large and clear and the transliteration works well. the original hebrew is given, too. it's great to "see" the songs I knew only by ear.

The Complete Jewish Songbook is perfect - a large selection of repertoire, Hebrew, English Translations, and Phonetic Pronunciations make it perfect for the teacher and student alike. I was impressed how nicely it was mailed too. Well protected so it would arrive in pristine condition.

I really am enjoying this book. This includes a lot of the well-known liturgical arrangements we sing at Friday night service. It also includes fun folk songs. It is a good mix of English and Hebrew, with translations next to the Hebrew letters, as well as the phonetic spellings of the Hebrew so those of us who don't read it really well can still easily learn the words. This book is being played a LOT in our home these days--both on the piano and guitar. I love being able to play and sing Jewish music for my family like this in the evenings, and this book works really well for it.

Returned the book as it was not what I expected.

I have only visited Synagogue twice, but was very taken with the beautiful songs sung in Hebrew with simple guitar accompaniment. This large volume is a wonderful help in learning a repertoire that is new to me. It is entertaining to simply read through it. This book has a Hebrew pronunciation guide in the front to help with enunciation. The tunes are very fun to learn with easy guitar chords written above the melody line. I am glad it was available from .
