# The Ego And The Id (The Standard Edition Of The Complete Psychological Works Of Sigmund Freud)

## Synopsis

In 1923, in this volume, Freud worked out important implications of the structural theory of mind that he had first set forth three years earlier in *Beyond the Pleasure Principle*. The *Ego and the Id* ranks high among the works of Freud's later years. The heart of his concern is the ego, which he sees battling with three forces: the id, the super-ego, and the outside world. Of the various English translations of Freud's major works to appear in his lifetime, only one was authorized by Freud himself: The Standard Edition of the Complete Psychological Works of Sigmund Freud under the general editorship of James Strachey. Freud approved the overall editorial plan, specific renderings of key words and phrases, and the addition of valuable notes, from bibliographical and explanatory. Many of the translations were done by Strachey himself; the rest were prepared under his supervision. The result was to place the Standard Edition in a position of unquestioned supremacy over all other existing versions.

## Book Information

Paperback: 128 pages

Publisher: W. W. Norton & Company; 1 edition (September 17, 1990)

Language: English

ISBN-10: 0393001423

ISBN-13: 978-0393001426

Product Dimensions: 5.3 x 0.4 x 7.8 inches

Shipping Weight: 4 ounces (View shipping rates and policies)

Average Customer Review: 4.0 out of 5 stars 62 customer reviews

Best Sellers Rank: #24,960 in Books (See Top 100 in Books) #15 in [Books > Medical Books > Psychology > Movements > Behaviorism](#) #23 in [Books > Medical Books > Psychology > Movements > Psychoanalysis](#) #30 in [Books > Science & Math > Behavioral Sciences > Behavioral Psychology](#)

Text: English Original Language: German

In 1923, in this volume, Freud worked out important implications of the structural theory of mind that he had first set forth three years earlier in *Beyond the Pleasure Principle*. The *Ego and the Id* ranks high among the works of Freud's later years. The heart of his concern is the ego, which he sees battling with three forces: the id, the super-ego, and the outside world.

In my desire to learn about Freud's point of view, I was greatly disappointed in his own work. I am glad this is merely a stepping stone to more modern works.

Small book, but influential.

Freud is not difficult and he is very necessary to anyone who intends to be conscious of herself. Even a bit conscious!

ALL that i thought it would be

Freud was an effing genius, I have no comments really, gobsmacked, in amazement. How is it possible for one person to realise so much? It was a privilege to have read the book.

All that I expected.

Great quality of service, specially the price! Thx!! :)

Fascinating insight into the inner workings of the mind. Needs to be read more than once. Good book for weekend.
