Mickey Mouse Clubhouse Whose Birthday Is It? (Disney's Mickey Mouse Club)

Synopsis

Happy Birthday! Today is somebody's birthday, but Mickey can't figure out whose it is. Could it be Daisy's? Perhaps he should get her a new hair bow. Maybe it's Pluto's, and Mickey can get him a bone. Young readers will have great fun following Mickey on a birthday-themed treasure hunt, peeking below the book's lift-the-flaps to uncover clues. Happy Birthday! introduces math concepts such as size-order, patterns, and counting, while inviting children to put their imagination and reasoning skills to the test as they follow Mickey on his quest to find the perfect present for the mysterious birthday party.

This is such an adorable book and larger than expected. Great price! I'm going to let guests at my son's Birthday sign the inside of the back of the book which is blank and should be fine since we aren't having a huge bash. This works out well instead of buying a guest book or having a pricey

custom one made. The book is very colorful and vibrant, great illustrations and the lift the flaps are a great size too. If you plan on giving this to your child I would make sure they don't try to tear off the flaps because they aren't super thick and would be pretty easy to tear, nonetheless a great value. :)

Flimsy book not very fun to read because of that. The quality was lame. I gave it two stars instead of one because the story was nice and entertaining for littles but then, you can find a better quality book for a little more money but will last longer.

this book is very a durable! I purchased this because my sons birthdays in a couple weeks and he absolutely adores Mickey Mouse! he's only going to be too so really he has no idea what her birthday is so this really helps!

Bought this as part of a birthday present for a little boy. Didn't realize that the pages have pop ups on them. That was a nice little surprise when I opened it.

Has Mickey ever gotten a bad review? We love Mickey in our house so my son loved this book for his birthday! We got it before his birthday and would read it to him to try and help him understand what his birthday was before we had his 2nd birthday party ;) Mickey themed of course! It went well!

I bought this book to use as a guest book at my little boy's first birthday party. It is cute and I think it'll work well. Everyone has left reviews about the flaps tearing easily and everything else. It's a paperback book, which I bought for almost \$4, I didn't expect it to be that sturdy. It has a cute story though and I think my little boy will love it!

There's no better celebration for a child. Know why? It's all about them. They don't have to share the glory with anyone else, it's their special day and only theirs. Hooray for Birthdays - especially for kids. Make a big deal out of it. They are only kids for a short time, they are only yours for a short time.

Took this to disney world and had mickey sign for my son's first irthday which is mickey mouse themed
