# Fabulous Horses: Adult Coloring Book (Wild Color) (Volume 7)

## Synopsis

NEW RELEASE! This adult coloring book features 30 beautiful images of a variety of gorgeous horses! It's a horse lover's dream! Each beautiful horse page is single sided so you can cut out the page and frame it or use markers without worrying about them bleeding to an image on the other side. It's still recommended to use a blank sheet of paper behind the page you are coloring so the color doesn't bleed to the image on the next page. This horse book is great for beginner and advanced colorists. The horses are left open so you can do realistic shading for experienced colorists or solid colors for beginners. The horses on each page have backgrounds of patterns, flowers, landscapes, barns, and much more! ## Customer Reviews

I really love this book, I love horses and everything about them

Great horse pics

Absolutely stunning! This is such a beautiful book. I am a huge horse fan and this book was everything I was expecting!

It was just okay seemed a lot more detailed when i saw it online. I could have been a lot better i guess

Pictures are very simple and not as interesting as I thought it would be. Cheap paper and is more like a book for a small child

Everyone has their own like and dislikes when it comes to coloring. This I like. The pictures are perfection with realistic features combined with fantasy that inspires bright colors. The detail is kept to a minimum enough to allow shading and the possibility of adding design of my own. Very nice.... I do wish the paper was thicker and this is my only criticism.

Heather, I just ordered your new horse book! The preview looks great! Can't wait to receive it. Congratulations!

My book for some reason has another book in it as you can see from the photo
