Alton Howard has been instrumental in establishing many outreach ministries and has served as an elder in the church for over twenty-five years. He is also the well known author of Foundations of Faith, and Timeless Moments.

Books came in OK and quick.

Though inexpensive, this "song book" is surprisingly high quality. With over 1000 songs, choruses and readings, this book has thin pages but is highly readable. The print is dark and the paper is very bright, making the music comfortable to read even for poorer eyes in less than perfect lighting. The title indicates that this is not a traditional hymnal, but traditional hymns abound. Some have been shortened by eliminating a verse, etc., but all is tastefully done. Arrangements are not strained, but some are new and fresh. This book will broaden your musical selections, and variety without entering into doubtful doctrinal territory. Of particular interest, is the arrangement of songs into meddlies with readings to re-enforce the themes, and scripture references for every hymn and song. As a bonus, this book serves well if your church employes the use of quartet or ensemble singing.

I received the book much sooner than expected. It was in very good condition. No writing; no dog eared pages. The ribbon page marker had been cut off at the very top, but this would not have even been noticed if I hadn't borrowed a friend's copy and knew it had a ribbon marker. In no way did it lessen my pride in owning this great hymnal.
