Anne Frank's Story: Her Life Retold For Children

Synopsis

The Diary of Anne Frank is read and loved by children throughout the world. Yet few of those readers know what life was really like for the young Jewish girl before and after she wrote her famous diary. Written in a lively yet sympathetic style, Anne Frank's Story follows Anne Frank from her birth in Germany and her happy childhood in Amsterdam through the years she and her family spent in hiding from the Nazis, to her imprisonment and eventual death in the concentration camps. "This book gives children the opportunity to meet Anne Frank, to know her story and her destiny, and to learn that discrimination in every form is evil and inhuman." - Buddy Elias, first cousin to Anne Frank

Carol Ann Lee was born in Yorkshire, England, in 1969. She began work on a biography of Anne Frank when she was 18 years old, but she put it aside while she attended college at Manchester University. In 1998 her book *Roses from the Earth: The Biography of Anne Frank* was published to critical acclaim. *Anne Frank's Story* is her second book. Carol Ann Lee is married and lives in Amsterdam.

Customer Reviews

Arrived on time and as advertised.

Bought this book to introduce the story to 8 and 9 year olds. It's not engaging, does not pull you in, while the real story does. It reads like a dry history book. Do not recommend it for a similar purpose.

I am 10 years old and I read this book and I am glad my mom ordered this book for me!

Excellent book. My 11 year old daughter read this for class and loved it.

received notification that book was sent on 1-6-12 would arrive between 1-16- and 1-26 no book ever arrived sent message to international books who did end up refunding my money on 2-1-12 verry disappointed as the book was suppose to be for my daughtters book report will never use them again

The book was exactly what I needed. As a teacher of 5th Grade I wanted my class to learn about Anne Frank without making it a chore. Thank you.

This is a great book for kids who are a little young for the actual story written by Anne Frank herself. My daughter is nine and she really liked it. Although it is faithful to the true story it avoids some of the heartwrenching detail that children in the 8-11 age group may not be ready for. We purchased it because my daughter had to read a book about a person who really lived for her reading log. I would have no hesitation in recommending this book.

In this fantastic book, you learn everything about Anne Frank! There are pages with photographs, even a chart with pictures of her from 1935 to 1942! You could see how much she grew up,too. They show a picture of her as a toddler and an infant.In this book, your emotions change from happy to sad during her life
