## Customer Reviews

I received a free copy of this book via Booksprout and am voluntarily leaving a review. This story is so hot it almost melted my Kindle. Elena is having a bad night, she went on a date and the guy is a real douche. He tries ordering her a salad and more wine, complains about how expensive the restaurant is and just acts like a total jerk. Elena decides she's had enough and quickly pays for dinner and politely tries to exit from her date, telling him she has an early appointment. He grabs her by the arm and tells her he's not done with her and that she will regret walking away from him. After the craptastic date, Elena has to go to her lawyer's office the next morning to try to get her divorce finalized. That meeting goes to crap when her husband's lawyer tries to tell her that her husband is seeking damages due to her ruining his reputation by divorcing him. She goes to work and just can't concentrate due to all the crap going on in her life. Her boss tells her to go home and relax and come back fresh and ready to work. While Elena is trying to relax at home she hears noises coming from her garage and starts to get a little freaked out. She ends up calling the police and she sits on her front porch steps and waits for them. When the two detectives show up at her house she notices one of them is her brother-in-law, who she hasn't seen since her wedding years ago because the brothers don't get along. So when the detectives open her garage they discover someone has scratched "you're mine" on her car. This freaks Elena out and she tells them about her crappy date and that it could be him who did this to her car. Leo, Elena's brother-in-law, is feeling very possessive of her and really wants to keep her safe and claim her as his. Grab this book and find out if they catch Elena's stalker and what else they get up to. This book is hot, intriguing and an all out thrilling story. I definitely recommend this book to anyone looking for a hot, sexy, intriguing read.

Elena has bad luck with men. She is trying to get a divorce from her unloving pastor of a husband who is making it hard to just be done with him. She goes out on a date with a man who will most likely be single the rest of his life, that's how good it went. When the date ended badly and he made a comment that nobody walks away from him, she knew she made the right decision. Leo is a detective on the police force and also Elena's soon to be ex-brother-in-law. He loves women but it's getting to the point where he feels he's missing something. When Elena hears something in her garage, she calls the police and two officers come. When they open the door someone wrote on her car and it unnerves her. Leo is very protective of her and the attraction between these two is so hot and sexy. He's an alpha male and she is a strong woman which I absolutely love. Will they catch her stalker, who will it be? Will Barry finally let her go? All you have to do is click the button and purchase this book, you will not be disappointed. Beware, it's hot and steamy. I voluntarily read an Advanced Reader's Copy of this book.

I received a free copy of this book via Booksprout and am voluntarily leaving a review. Another awesome read that I couldn't put down. Loved how the character flowed in this story. Some twist and turns along with lots of pure romance. Elena is going through a divorce from Barry whom never would be intimate with Elena so she was done. She is home one night talking to Geri and she hears something so Geri makes her call the police. Once the police arrive she notices the one officer as Leo her brother in law well soon to be ex brother in law. Leo and Elena haven't seen each other in years. Leo takes over the investigation to find out the stalker that Elena has. The chemistry that is between Elena and Leo is felt by both of them and once Barry finds out he isn't happy about their relationship. Elena begins to feel like she married the wrong brother. Will Elena's stalker get to her or will Leo save her in time? Pick up this book and read it. Loved this whole storyline and you will too!! I HIGHLY recommend this book!!

B.I.L.F. is definitely a book I would give five stars. Dark Angel has fast become one of those author teams that I eagerly anticipate what will they bring us next. They didn't disappoint with this story, I have laughed, I have cried tears, and I have gotten busy with this book. I loved how Elena the main female lead struggled with her life and the decisions she has made, it wasn't all mmm I have divorced one brother let's move on to the next, there was genuine emotion shown in the writing, something you don't always get in this type of genre. I also have to say Detective Leo Winston of the Havenfield Police department makes my mouth water, as well as other body parts. If you want a sexy, passion and lust filled read this is the book for you, there is some bad language and lots of amazing sex but there is also a great story that will take you on a journey of love and heartbreak and surprises.
