Hunting Allies (Complete Guide to Hunting)

Robert Elman's book by Mallard Press is an outstanding compendium of hunting information. Included in the book are beautifully pleasing drawings, and illustrations, as well as striking photographs. Elman's book additionally comprises information concerning all aspects of hunting, including areas, types of recreational hunting in regions around the world, history, recent trends, methods, game, hunting dogs, and arms and ammunition. However, it is not entirely complete. There is information missing concerning elk, white-tailed ptarmigan... well, that's about it, so the book is essentially complete! Highly recommended for the beginning hunter or the experienced aficionado.
