Stormwielder: The Remastered Edition (The Sword Of Light Book 1)

Synopsis

When Eric was young, a terrible power woke within him. Horrified by the devastation he had unleashed, Eric fled his village, and has spent the last two years wandering the wilderness alone. Now, desperate to end his isolation, he seeks a new life in the town of Oaksville. But the power of the Gods is fading, and in their absence, dark things have come creeping back to the Three Nations. Civilisation is no longer the safe haven he once knew, and Eric will soon learn he is not the only one with power. *Stormwielder* is the first novel ever written by NYTimes and USA Today Bestselling Author Aaron Hodges. This edition has been remastered for your enjoyment!

Customer Reviews

I enjoyed this. I liked the characters. My only dislike is they "layout" of the plot. There were times that I wished I knew a fact sooner or wish a little more info would have been given before jumping to another part of the story. I was able to follow though. I will look into the rest of the series.

I loved this book! I am looking forward to reading the rest of the series! This is a great light and dark

the good and bad with romance, love, loss. *Stormwielder* (The Sword of Light Trilogy Book 1)

Just finished the book exciting and fantastic I enjoy this kind of reading material dragons are great very, utcouldnt put the book down looking forward to reading the next book in series

I was asked to read and review this book. Since I enjoy fantasy, I was happy to oblige. This is a fantastic book. It's well-written, and full of twists and turns. Nothing in the book is predictable. Alastair is an old man who is searching for someone. He's sent by the goddess to a city to find a young man who can create fire and lightning. He and Eric travel across a great desert to a city where they search for the girl. Along the way, Alastair teaches Eric how to control his power. They have many adventures along the way, including battles with dragons. You will be unwilling to do anything other than read once you start this book. It is well-worth the time needed to read it.

Fantastic book. I couldn't stop reading. Very exciting all the way through to the end. Lots of twists and turns.

It is a bit slow and very descriptive at the beginning of the book. But hold to it because in the middle and at the end, it is really catchy and going into the action and suspense! I can't wait to read the second book! I recommend this book for any adventure-fantasy lover :)

This is an engaging fantasy novel , with lots of action and adventure. I liked the plot (a little intricate), and the characters were well written. I am looking forward to reading more of these

great read
