Criminal Law For The Criminal Justice Professional

Synopsis

In this third edition of *Criminal Law for the Criminal Justice Professional*, Norman M. Garland—through his multiple perspectives as a Professor of Law, a former criminal defense attorney, and a former prosecutor—presents a comprehensive introduction to the basic criminal law structure at the heart of the criminal justice system in the United States. Straightforward yet analytical, the text aims at delivering to students a timely overview of the state of American criminal law in the global and volatile climate of the twenty-first century. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect[®] is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following:

- SmartBook[®] - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content.
- Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course.
- Progress dashboards that quickly show how you are performing on your assignments and tips for improvement.
- The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

Complete system requirements to use Connect can be found here:

Norman M. Garland is a professor of law at Southwestern Law School in Los Angeles, where he teaches evidence, constitutional criminal procedure, advanced criminal procedure, and trial advocacy. He received his B.S.B.A. from Northwestern University, his J.D. from Northwestern University School of Law, and his L.L.M. from Georgetown Law Center where he was an E. Barrett Prettyman Fellow in trial advocacy. Professor Garland is a member of the Illinois, District of Columbia, and California Bars. He has had 10 years of trial experience as a criminal defense attorney, mainly in federal felony cases. In 1968, he joined the faculty of Northwestern University School of Law where he helped establish the Northwestern University Legal Clinic. He joined the faculty of Southwestern Law School in 1975 to help establish the Southwestern Conceptual Approach to Legal Education (SCALE). In the mid-1980s, he spent two summers as a deputy district attorney in Ventura County, California, where he gained experience as a prosecutor. He is coauthor of *Advanced Criminal Procedure in a Nutshell* (2d ed., West 2006), *Criminal Evidence* (6th ed., McGraw-Hill 2010), and *Exculpatory Evidence* (3d ed., LexisNexis 2004). He has also authored a number of computer interactive lessons for law students available through the Center for Computer-Assisted Legal Instruction (CALI).

Certain items are great as a digital download. However, I find that educational textbooks are not (at least in law) better in digital. This Crim Law title is my second digital download. After my first digital download, *Business Law*; I swore I would not download another digital textbook. Try answering questions in the back of every chapter and then, try to thumb back and forth, back and forth to look and to compare legal concepts in a digital format. And digital, in my opinion, doesn't outweigh the tactile feel and flexibility of a real book. Oh how I yearn to have little post-its marking my pages. At least with *Business Law*, I was able to read it on the go with my iPhone, iPad, or in a big screened reading event on my iMac (via kindle reader)--that was a plus! Consequence of my procrastination, I couldn't wait for the shipping time to purchase this title. So I justified this digital download with the "give it a second chance" "it's delivered now!" and "you can also enjoy the digital flexibility of reading it on the iPhone, iPad, or iMAC" benefits. I was wrong, this title cannot be read on any format other than my iPad (also readable on the kindle, of course) but not on the iPhone or iMac. It would've been nice if I had in big bold magenta type, a notice that this title was limited on viewers--in comparison to the other digital book. I would've suffered the consequence of falling behind in class by not downloading the digital version, and waited for the real thing. Then I'd have a better format of the book for the duration of the semester. In the end, I can only recount my experience with this digital title vs. other digital titles; and overall digital downloads vs. the real tactile feel of a "real"

book. Take into consideration what I have here, measure it against your own wants and needs, and decide whether a digital download of a textbook is right for you?

This book was great. I used this book in my concepts of criminal law book. it covers mainly different crimes, their classification/ definition, and has some awesome scenarios that really help with understanding the course material. It gave me a broader understanding of Criminal Law. I really loved this book.

For the most part this book is informative and a great introduction to the criminal justice system... however it makes some offhanded remarks and comments about specific things that were obviously not researched and just assumed (in one instance the author remarked on my line of work and it was clear he had no experience or research into it).

This book as great to study from and all of the answers and things you need to know are at the end of the chapter in the cheaper summary. Answer the review questions and you will ace any test you have based on the book.

the book is in really bad shape for the price. I regret buying this product.

Very good book. Helps in class as the teacher goes over it.

Easy read! Great book for intro wonderers of Law. Love how fast the book came in the mail. Very helpful. This was my first time using and definitely won't be the last!!

Received the book in good condition and is exactly what I needed for my class requirement to finish my degree.
