Customer Reviews

These Moroccan recipes are mouth watering I can't wait to try all of them!

I'm always on look out for new recipes, and what joy it is to find authentic

Moroccan recipes I could do. What I love with this recipe book is that every dish has pictures of the

meal. It makes you want to try the recipes as soon as you can.

Never knew that Moroccan dishes are simple yet unique. I didn't know of tagine and much of Moroccan recipes until I read this book. It's great that the ingredients provided are easy to get at the local store. I love that the steps are easy to follow, even for an amateur cook like me. Some recipes are accompanied with a brief mouthwatering introduction. Yummy! Reading this book makes me hungry!

The Best Tagine Recipes: 25 Original Moroccan Tagine Recipes for You and Your Family by Amina Elbaz
This cookbook has a nice color photo of the finished product, servings and list of ingredients. You should be able to substitute for healthier options with chicken broth and butter and oils. Directions are included and there are NO nutritional information available. The dishes sound and look interesting enough to try them.

Elbaz provides us basically with all the information needed to prepare a wide range of delicious Moroccan dishes. In addition to providing insight into selecting the right tagine. It also includes recipes for the basic building blocks for North African cooking. Anyone who is interested in learning more about North African cuisine or anyone who wants to make healthier Mediterranean dishes would love this book.

Quite frankly I had become bored of cooking the same food day after day. I decided to purchase this book to experience a cooking adventure and it did not disappoint. I appreciated the section about the kebab tagine and the spicy goat meat. Good stuff!

First recipe I tried was not good- the chicken with squash. Would help to have what type of squash- maybe I used wrong kind... hate to be a party pooper but very disappointed - will probably toss

very good book... easy to follow recipes. My first time, made Lamb with apricots. Whole family loved it except my 2 year old daughter "tooo spicy". See attached picture. Mmmmm good.

Great book with definitely the best Moroccan recipes. The recipes are super easy to prepare and very delicious. The special way of preparing them in a tagine gives them some special smell and taste characteristic for the true Moroccan meals. I love this cookbook and I prepare at least one

recipe a week from this book. My personal favorite is the Kebab Tagine and my family loves the Chicken and chickpeas tagine. Overall this is one great cookbook and I definitely recommend it to everybody who wants to try something new and different!
