Hypnosis 8 Hour Sleep Cycle With Great Sex Booster: The Sleep Learning System

Synopsis

Aren't you ready to have amazing sex? The Hypnosis 8 Hour Sleep Cycle with Great Sex Booster is a powerful and incredible new program that works with your sleep cycle to relax and rejuvenate your body, and boosts your pleasure center and openness to sex during your REM cycle. Communicate what you want during sex, open yourself up to your partner, and start having incredible sex in no time. Powerful benefits of this Sleep Learning program include: More intense orgasms Deeper connection to your partner Confidence in bed Better sex Stronger connection to your pleasure center Deep, restful sleep through the night Wake in the morning feeling rejuvenated and energized Just start listening to this eight-hour program when you're ready for bed, and get comfortable to fall asleep. In the first two hours, you'll drift off to sleep with our Alpha Theta Deep Sleep Induction, which will relax your body and mind and prepare for rejuvenating REM sleep. Then approximately two hours into your program when your REM cycle starts, the Great Sex boosting track will gently play, helping to stimulate your brainwaves safely and boost your connection to your sexual desires. Your subconscious will get rid of blocks or thoughts that get in the way of you having great sex. The next four hours of the program contain subconscious deepening and anchoring points that work with your brain waves to keep you deeply relaxed, and help you connect to your pleasure center. At the end of the program, we will bring you out of your deep sleep with a gentle wake ending count up and positive suggestions for a great day. When you wake in the morning, you'll feel refreshed and rejuvenated and ready to take on your day. We recommend listening to this program for 21 nights in a row.
