This little book is just about right on

Very informative and interesting reading on the topic of "GSP's" !!

Quite "literally" everything you need to know about GSP's. I highly recommend this book if you're looking to adopt one or have one and want to learn more. You'll get multiple uses out of this as you refer back to sections at different times. #AdoptDontShop

Very informative for the breed, my daughter loves to read about our new pup and let us all know what's up!

This book gave me great training tips and helped me to understand GSPs. I have only met one GSP and fell in love immediately. Did some research, bought a puppy, read this book. It helped alot! My pup is 9weeks old and training is going great!! Soooooo happy with this book and this breed

Great information!!!!

excellent book on those who are thinking of getting this breed of dog

We love our new puppy and this book is thorough enough to be helpful in his training. My grandkids are reading it cover to cover.
