## Synopsis

"A man of knowledge is free...he has no honor, no dignity, no family, no home, no country, but only life to be lived." --don JuanIn 1961 a young anthropologist subjected himself to an extraordinary apprenticeship to bring back a fascinating glimpse of a Yaqui Indian’s world of "non-ordinary reality" and the difficult and dangerous road a man must travel to become "a man of knowledge." Yet on the bring of that world, challenging to all that we believe, he drew back. Then in 1968, Carlos Castaneda returned to Mexico, to don Juan and his hallucinogenic drugs, and to a world of experience no man from our Western civilization had ever entered before.

Born in 1925 in Peru, anthropologist Carlos Castaneda wrote a total of 15 books, which sold 8

million copies worldwide and were published in 17 different languages. In his writing, Castaneda describes the teaching of Don Juan, a Yaqui sorcerer and shaman. His works helped define the 1960's and usher in the New Age movement. Even after his mysterious death in California in1998, his books continue to inspire and influence his many devoted fans.

Amazing book on the nature of reality, a must read for those interested in exploring the universe in a new way and also for anyone interested in different cultures, medicinal plants, and sociology!

I love all of Carlos's books. It's like being there with them on their journey.

My favorite Castaneda book.

Very nice

Excellent product. This is the best ever purchase of my life. I can't believe how lucky I am for buying this product. My life has changed for the best. For ever.

On a relatives Christmas list. He was pleased.

Every year for several years I read the entire Casteneda series except for magical passes. And I still love them as much as ever. When I was a young man I read a Separate Reality and Journey to Ixtlan. Those were my first introduction to this series and they were a relief. For many years I had been involved in the magical community and the entheogen disposition with all manner of inexplicable adventures, strange insights, and nowhere to fit these events in my daily life with himan society. These books helped me understand how everything fits together and allowed me to shed a great deal of psychological stress. All of the books in this series are precious and valuable. Highly entertaining and page turners. Would recommend to anyone.

A brilliant exploration of consciousness. Provoking. Timeless.
