Dress Your Family In Corduroy And Denim

Synopsis

David Sedaris plays in the snow with his sisters. He goes on vacation with his family. He gets a job selling drinks. He attends his brother's wedding. He mops his sister's floor. He gives directions to a lost traveler. He eats a hamburger. He has his blood sugar tested. It all sounds so normal, doesn't it? In his newest collection of essays, David Sedaris lifts the corner of ordinary life, revealing the absurdity teeming below its surface. His world is alive with obscure desires and hidden motives -- a world where forgiveness is automatic and an argument can be the highest form of love. *Dress Your Family in Corduroy and Denim* is another unforgettable collection from one of the wittiest and most original writers at work today. --This text refers to an out of print or unavailable edition of this title.

Book Information

Audible Audio Edition

Listening Length: 6 hours 18 minutes

Program Type: Audiobook

Version: Unabridged

Language: English

ASIN: B0002P0FVW

Best Sellers Rank: #36 in Books > Audible Audiobooks > Humor > Essays #94 in Books > Humor & Entertainment > Humor > Essays

Customer Reviews

I love David Sedaris especially when he is writing about his family or his partner, Hugh. He is SO funny! His performance of his work is the best way to experience his writing. (So, get the audio books!) I first heard him on public radio (NPR) but I know he performs his work live on tour as well. I will say that while most of his work is not at all offensive, there are a few essays here and there on this audio book and others of his, that have graphic sexual content (i.e. when he was cleaning apartments for a living a man openly masturbated and watched porn in front of him) or language (i.e. when quoting someone else, usually his little brother) that some people may not find tasteful. I think he is a talented writer with a uniquely hilarious American voice that should not be missed.

This is a review of the CD audiobook This CD is quite humorous, witty and sarcastic in Mr.

Sedaris's typical manner. It is also quite crude and scatological many times hence

those who are easily offended are best advised to avoid it. The audiobook is read by the author himself and is never monotone and is characterized by the so important inflections that the Mr. Sedaris is so well known for. Definitely one of the author's best works (4 stars) and is highly recommended for both his fans and anyone just interested in an introduction to the humor of Mr. Sedaris.

This is a great book! David Sedaris always makes me laugh out loud and I just love every story he writes. I didn't want to put this book down and I didn't want it to end. I love the titles of his books too-he's such a unique writer and the way he describes things makes you able to really picture the scene and feel like you're transported there. His stories are funny, interesting and so different from anything else I've read.

Every single book that I've read of David Sedaris is laugh out loud hilarious. I tried reading this on a flight in which I didn't have a travel partner, so I'm quite sure the passengers around me thought I had lost it by the time we arrived at our destination because I was laughing myself to tears.

If you like Robert Fulghum and not bothered by a gay perspective. warning you'll want more

David Sedaris has such a quirky way of writing, it immediately captures the reader in a world they've never known. You alternately cheer and feel sorry for David as he grows from youth to man, avoiding or falling into potholes along the way. Laugh out loud funny.

Brilliant story . Laugh on every page

Funny and irreverent though it does deal with some substantive issues, the authors take on life and stuff is humorous. Which is hard to find, that nice mix of sensitive/sensible yet amusing and funny. I read a lot of political stuff to stay up to speed on the unfortunate condition of Washington DC and the planet of which we are only a small and increasingly insignificant player in - so I NEED AND APPRECIATE LEVITY which isn't DUMB when I can find it. I'm going to order more of his books he's great.
