Rhoads Murphey, University of Michigan

This book is written very poorly. I find myself distracted by the informal speech and confusing sentences. This book might be more worth while with A LOT of editing. Typos, run-on sentences (seriously, like a sentence ran on for 12 lines!), and inserting opinion as fact. Very unprofessional. If I didn't need it for school, I would have given up reading it.

great deal since this book was over \$90 used from my school. No color photos, but that's alright by me.

Good but has few bent corners due to wear and tear

It was okay, and it shipped fast.

I needed this for school. It was required. I saved a lot of money compared to my local school book store. This was a real bargain and was in great shape.

Nice
