# Curing IBS Naturally With Chinese Medicine

## Synopsis

The most important message of this book is that most of what makes human beings ill is within their own power to control, and this is also true of Irritable Bowel Syndrome (IBS). In modern times, such things as improper eating habits, too much work, too little exercise, too much emotional upset, and not enough rest are at the core of most disease. Therefore, while this book describes the many safe and effective therapies that Chinese medicine has for the treatment of IBS, it is mostly a book about self-care and strategies for people to control their symptoms on their own. It is a book that, using Chinese medical theories, empowers patients to prevent the pain and suffering of this common condition. You can be healthy again!

## Customer Reviews

Jane Bean is a licensed acupuncturist with a private practice in Brattleboro, VT. Since her graduation from Oregon College of Oriental Medicine in 1990, she has twice journeyed to China for further studies in traditional medicine. She is currently working on translating a variety of medical literature from Chinese sources. This is her first book.

Not as good as I expected, but informative. Arrived on time, no problems.
