Under My Elm: Country Discoveries and Reflections

Simply beautiful! Mr. Grayson captures something few others have. Each page is like a lucid dream.

Good book. In better shape than I expected.

Should be required reading.

Like the other Grayson books, this is a true delight to curl up with. I first "discovered" these books when I accidentally purchased the entire first edition set in a box of books at an auction. It was the best dollar I ever spent. Mr Grayson takes us to a day and time that we have overlooked. His keen observations are as valid today as they were when the author first published. I value these books as they give yet another lens to view life through thereby making life much richer. Recommend this work, and Grayson's other works highly.

In a world of turmoil and carking care, where every headline shrieks of battle and suffering, David Grayson's books, with their deeply felt appreciation of the joys of nature and of the simple life, have a real place. Mr. grayson has evolved a philosophy of life and an attitude toward the world which will

give solace and encouragement to those of us who need a therapeutic escape from the grim realities of life today. You will enjoy sitting under David Grayson's stately old Elm....The illustrations by David Hendrickson make it a true beauty.
