Customer Reviews

..".showcases the ultimate motorcycle in awesome color photos ... also contains anecdotal stories from biking legends" --This text refers to an alternate Hardcover edition.

Michael Dregni has written several books on a variety of automotive subjects, including Voyageur Press' "The Spirit of the Motorcycle" and "Harley-Davidson Collectibles," and "Inside Ferrari." He is also the editor of the Voyageur Press anthologies "This Old Tractor" and "This Old Farm," plus several other tractor volumes.

I am not surprised by (and heartily agree with) the high praise this book receives from readers here. My one-star rating is solely in response to the publisher's dishonesty. Nowhere in this item's description are potential purchasers warned that this volume is also published (page for page, picture for picture) as Harley-Davidson: The Good, The Bad and The Legendary (also available here at). That is a sneaky, underhanded way to con people into buying a book they already own. However, please note that the book itself, under either title, is definitely worth owning. It is chock full of nice, seldom-seen vintage photographs, and artwork by artists like James GuÃfÂŸwa,

Kent Bash and Dave Barnhouse. There are essays by Allan Girdler (who wrote The Harley-Davidson and Indian Wars and two authoritative Harley-Davidson buyer's guides), Melissa Holbrook Pierson (author of The Perfect Vehicle and The Man Who Would Stop at Nothing), Peter Egan (Cycle World columnist who wrote Leanings 1 & 2), Harry V. Sucher (who authored what many consider the definitive history of Harley-Davidson, a history of Indian motorcycles, and yet another, of the American Motorcyclist Association), Timothy Remus (How to Build the Ultimate V-Twin series, and several coffee-table books on custom motorcycles), bike builder Arlen Ness, daredevil Evel Knievel, Harley archivist and poet laureate Dr. Martin Jack Rosenblum, and a handful of others. Again, I will not reward this dishonest publisher with a high rating, but any Harley-lovin' motorcycling enthusiast would enjoy the book described above. Just figure out which title you want on it - Harley-Davidson: The Good, The Bad and The Legendary or the one offered here - and order away!***** PLEASE NOTE ***** I wrote the above review on 22 July 2014. Less than a week later I happened to leaf through another book - one that has been in my personal library for over a year - and was amazed to realize that it is exactly the same as the two books described above. That makes THREE titles (so far) for the exact same word-for-word, page-by-page, picture-for-picture book - "This Old Harley", "Harley Davidson: The Good, The Bad and The Legendary" and now "The Harley-Davidson Chronicles: Tribute to a Legend". All three are edited by Michael Dregni and published by Voyageur Press and, despite the fact that they are identical items, Voyageur Press even has the gall to use different copyright dates: 2000 for "This Old Harley", 2005 for "Harley Davidson: The Good, The Bad and The Legendary" and 2008 for "The Harley-Davidson Chronicles: Tribute to a Legend". By so doing they make it even more likely that unsuspecting buyers will fall for their scheme!

Bought for my husband, he loves it and reads it all the time! I can't really comment on the content as my husband is the one who reads it.

Great product, fast shipping!!

Great book for the Harley lover!

This is probably the best Harley book I have ever read. Very entertaining.

This book is a must for any Harley Davidson rider! Good reading, interesting facts about Harley's

and great pictures. If you own a Harley, get this book!

the old pictures are first class and this book belongs on the den table for all to see.

This book has good stories but, the pictures don't go with the subject matter. In one chapter Buzz Kanter tells a great story about a ride to Millwakee on a Knucklehead , there are no pictures of it or the group just some pics of newer bikes 6 and one picture of a Knucklehead.
