## Synopsis

Lately, things are weird, weird, weird. Twelve-year-old, Nicole, used to not even like boys. Well, besides maybe as friends – and really, most boys (except Matt) she didn't even like as friends. But suddenly there is Daniel, with his blue, blue eyes. Just seeing him makes Nicole's heart pound. It's so weird. But what's even weirder is now sometimes Nicole catches herself staring at Matt. Matt! What's up with that? Still, the weirdest part of all is – sometimes Matt stares back! Adding to all the confusion, there is Nicole's semi-friend, Nina. Nina suddenly wants a "boyfriend" and she's set her sights on Matt – or Daniel. Or whoever else Nicole might like. Grrr! From the author of Slumber Party Wars and Middle School Crushes and \*\*New!\*\* BEST FRIEND WARS

## Customer Reviews

This was a wonderful book about two girls who are fighting over crushes. Nicole likes three guys

and Nina is over all of them. Nicole is trying to figure out what guy to choose for her crush when her mom tells her that you are too young to date, so you can like as many guys as you'd like. She tells Matt she can't have a boyfriend, and they admit to each other they like them. Finally, the crush wars is over and Nina and Nicole are back to being friends.

good one

This book is great! I loved it, it had drama and alot of great interest I'm into. I'm 11 so I kinda get what she is feeling, but not fully. I love this author, she is awesome! I finished this book not that long ago and it was really good. I just started Melanie Marks other book called High School Boys. It's starting off really good and I'm hooked. Can't wait till I finish it!!!

The book was good but it didn't really have a story line to it. She went from gushing over one boy to gushing over another. And quite frankly the book was to short for me. Yes it was romantic but it would have been even more romantic if there was actually more to it than her gushing over a bunch of guys than having a quick conversation with one and realizing she liked him the most of the three

This book is so interesting it's filled with boys and a girl that just can't seem to pick the one she wants. I love the book it is soooo juicy and filled with excitement!!!!:) I recommend it to all middle school girls that like books that keep you on your toes. PLEASE BUY THE BOOK you won regret it ;)

This book was a great book for girls. The book explained you don't need a boyfriend until you are older and the book also explains you don't need to do what your friend tells you to do.

This book was an okay book. I liked the concept of it, but it ended in an odd way. I wanted to know did Matt and the main character end up dating or not. The book was all over the place! At one point they were at school, then they were at an ice cream parlor, then at church it just didn't make sense. That is why I gave The Crush Wars a two star rating!

The crush wars was an exciting new book! I loved how Matt finally said how he felt about Nicole and how Nicole had 3 boys crushing over her and Nina was trying to steal them all away. So if you want a crushing book with three sweet boys and one perfectly pretty girl then this is the book for you!
