crossword puzzle dictionary

I purchased this book through from Midtown Scholar Bookstore in Harrisburg Penn. Their service was outstanding. The book was to replace one that I have more than overused in the past several years; one that was a gift to my husband from a dear uncle. Unfortunately, it is almost beyond repair. When I found this one described as "unread and unmarked, with some shelf damage to the dust cover" at \$12 plus shipping I grabbed it!! My husband had recently bought himself one through another online vendor - may have been ebay, for \$100 plus. My copy is every bit as good as his "new" one. It may qualify as a collector copy that some vendors are asking \$300+ for. Am I happy? You bet!!

Bought this for my mom for mothers day to replace her worn out copy. She loves it.

The Puzzle dictionary wasn't what I was after. I wanted a small red dictionary that has so much more to offer and cannot find it. I gave the books to my local library. rather than sending them back.

This is the first time I have used .com and I am extremely pleased that I was able to find what I was

looking for. I have the same book but it is missing the cover and the binding, and it is in like 4 separate sections and taped together and some pages are missing. Thank you .com for helping me find a replacement to my cherished book. I love doing crossword puzzles from the local Sunday paper and it has ALOT of the answers I am looking for. Thanks again .com

I have used a whole bunch of puzzle helpers through the years but this is the best as far as I'm concerned. There are so many different words that you will never find in other books that help out when doing all sorts of word puzzles. My brother has used one of these for years and always told me it was great, so I was glad to pick one up for a great price! Get a hold of a copy and you will really appreciate it! Happy puzzling!

This item was exactly as represented. I am quite happy with it. I watch a lot of British mysteries on Netflix. I saw the dictionary used and purchased this one to replicate what I saw in the mystery. Very nice.

This is a very large tome and it is somesort of reprint. After several weeks of use, the body of the book is already beginning to separate from the binding/cover. As far as content is concerned, there is no puzzle reference book that can beat it.

Just what i wanted.
