Effie was rich and spoiled until her father lost his wealth overnight. Forced to become a mail-order bride, she had to swallow her pride and learn to cook, clean, and do farm chores. Her husband

wasn't sure what he'd gotten himself into by marrying this stranger. I liked this story. The writer weaves a nice tale. There were a few typos, but it didn't detract much from the story. It's definitely worth reading.

A New York debutante does NOT cook, clean, launder, sew, or anything else but attend parties and teas. No parties and teas in the wild west!!!! New York debutants go to parties and teas. They do NOT cook or clean or sew or launder clothes or slop hogs or There are NOT parties and teas in frontier Oregon. What's s DEB to do ~~~ besides getting a potato shoved in her mouth????

This book is the first in a new series by authors Kit Morgan and Vivi Holt. The series will have both historical and contemporary novellas. This one was historical. I enjoyed the characters in this book. Having a rather spoiled debutante become the mail order bride of a down-to-earth rancher sets the stage for a very entertaining story. I'm looking forward to the subsequent books in this series.

Interesting story with lots of lessons. What's important in life for all kinds of people. You can learn to do anything if you really want to. And having a good man is way more satisfying than money. Sharing is a great feeling you can on get by giving of yourself in every aspect.

Wow, another great book written by Kit Morgan. Effie comes from a fill & life of privilege & ends up loosing it all. But then her real story begins when she becomes a mail order bride & marries Forest, a hog framer. Beautiful story. Thumbs up!
