Cyrus (The Henchmen MC Book 9)

Synopsis

CyrusFamily. Brotherhood. Music. Women. That was pretty much my life. And it was one I was happy with too. Until I came across her- the one woman I knew I had no right to put my hands on, the woman who I still felt such a connection with that, even though I knew I had to keep my hands - and other body parts - to myself, I wanted to be in her life. So I became her friend. Except, this sweet, shy, bookworm was making being honorable a hell of a lot harder than I expected. ReeseFamily. Books. To be perfectly honest, that was pretty much all my life was about. And I was happy with that. I lived a thousand lives. I saw and felt things in stories I never could have otherwise. Besides, real life was never as good as books. Until I came across him. He was leading man material if I ever saw it. You know, just not for me. He made that perfectly clear. We were going to be friends. Friends. That was it. Except, maybe that simply wasn't enough.

Customer Reviews

Lord, she did it again.. You're thinking you're reading a sweet book about a shy romance book loving librarian and a biker and then BAM the past is coming back to haunt.. And that's all I can say on that. Reese Washington is probably the most relatable heroine Jessica has ever written. We are all fans of her because we love getting lost in romance books of all genres, having

multiple books boyfriends, giving up a social life to instead stay home and get lost in a story. This is the life Reese has lead for most her life. Even while growing up poor and having two brothers that at different times ran the Third Street Gang. Her sister, who is hell on wheels, couldn't even get Reese's nose out of a book to socialize with non-fiction people. Nope, that took a man with seaglass eyes, a long well kept beard who was part of a MC to do that. She finally got her own happily ever after. Sweet love story with some zingers thrown in. Never a dull moment in Navesink Bank. A storm is brewing..

Holy blue balls, that was feckin amazing! That was probably, no, it was totally, the best ending I've read. It was not sappy, it was not open-ended, it fit these two like a moleskin glove. (I totally don't know what that is, but always assumed high quality) ;) I love the dark and gritty, Wolf was always my favorite, but for the lighter stuff, this wins hands down. I liked how Cyrus was an unofficial part of the girls club and that he started out friends, that was very respectful and deserved. I know how long every one has anticipated Reese's story, and he was the best choice. I would love to know how this author came upon her love for the mc genre and other crime type / romance stories, as they always seem so real and I love her book world! Barrett coming soon? Hint...hint...

Who would have thought a biker and a bookworm could be one of the cutest, sweetest and best couples of Jessica's Navesink Bank universe? Reese and Cyrus are the real deal. And Cyrus is the guy that all the girls who are bookworms dream of. Someone who supports your love of books. Someone who encourages your love of books and someone who isn't threatened by your love of books. Cyrus isn't an over the top Alpha, but he didn't need to be. That's not who Reese needed. Instead Cyrus is laid back (but knows what he wants) and treats Reese like the queen she is. Jessica Gadziala knocked it out of the park again with this book. I think this couple will go down as one of my absolute favorites out of all her books. I wish I had more than 5 stars to give because this book was perfect and amazing in every way.

YESSS!!! What a fantastic story, this one will have you smiling, laughing, throwing your hands in the air screaming MORE MORE MORE! If you're an avid reader, you'll be able to relate to Reese on so many levels! Cyrus and Reese become friends and spend some time getting to know each other, this is a true slow burn! You'll all want a Cyrus for yourselves :) I just loved every second of this book! The sex scenes are smokin' hot - the sweetness is spot on - everything is perfectly balanced just as expected from our amazing Jessica Gadziala!

I was so excited to get Cyrus' and Reese's story! I fell in love with Cyrus and swooned at how sweet he is and with how deeply he cared about Reese. Every girl deserves a guy who will go out of his way to make her happy. We deserve the big gestures and Cyrus handled them perfectly. Reese may be quiet and shy but she opened up to those important to her and it was charming watching she and Cyrus together. I'm looking forward to reading more about these amazing characters in the world of Navesink Bank. 4.5 stars

This has went to #1 of my all time favorite books by Jessica. I loved...I mean loved Reese. She was perfect! Cyrus was charming too, but I could definitely relate to Reese. This is definitely a must read. I also love how Jessica introduced a new villain that will definitely keep the Henchmen stories coming. I have said this many times before but Jessica never disappoints me. I know when I get her books, they are going to be awesome. I don't even have to read the blurb to decide if I want it, because I know it is going to be an awesome read.

Perfect perfect story for Reese and Cyrus. He was the right man for Reese, to bring her out of her book world to realize she had a leading man right in front of her. He might just be my favorite Henchmen yet..... His plans for the long weekend were on top of my list along with Sawyer and his holiday surprise. "Reader, I married him" and she soooo did. Jessica knocked this one out of the park and I can't wait for more.

This was a good book, but normally the MC books in this series of books have a lot more suspense and excitement. This was less of a MC book and more of a lighter romance. Not that it wasn't good, just not what I expected.
