# Inequality: A Contemporary Approach To Race, Class, And Gender

## Synopsis

This textbook reflects a hybrid approach to studying stratification. It addresses the knowledge accumulated by stratification scholars and challenges students to apply this information to their social world. Features include:

- The text is divided into basic concepts (theoretical and methodological) and applications (e.g., to class, poverty, mobility, education, gender, race).
- Each chapter includes a list of key concepts, questions for thought, suggested exercises, and multimedia resources (print, internet, and films).
- A unique methodological chapter provides students the skills they will need to be able to read contemporary sociological literature.
- The selection of chapters and chapter content provide students a sense of the topics, questions, and research that dominate contemporary research on social stratification and inequality.
- Research-oriented approach reflecting the field of stratification studies. Additional ancillary material may be found at [www.stratificationandinequality.com](http://www.stratificationandinequality.com)

## Customer Reviews

"At long last, here's a text that straightforwardly lays out the structure of inequality in our New Gilded Age, without a hint of obfuscation and without the usual distracting polemics. After the facts are laid bare, Keister and Southgate turn just as deftly to describing the mechanisms behind them, the policies that affect them, and the reasons for and against caring about them. A gem of a book." - David B. Grusky, author of *The Inequality Reader: Contemporary and Foundational Readings in Race, Class, and Gender* (2011)

This textbook reflects a hybrid approach to studying stratification. It addresses the knowledge accumulated by stratification scholars and challenges students to apply this information to their social world. The authors include a wide variety of topics and provide current research to round out their discussions. Each chapter includes a list of key concepts, questions for thought, suggested exercises, and multimedia resources.

Good

Greta book. I use it for school.

LOVE IT!!!

I got this book for a course I was taking and it is great. A lot of sociology are difficult to read but this is definitely an easy and interesting one.

Needed for class, arrived in a timely manner.
