Curing The Brat (Bimbo Therapy Part One)

Synopsis

Please let me show you what a good girl I can be, Sir...Gorgeous co-ed Emily has been such a wild child lately that she's on the verge of losing her tuition to the college she's set to attend in the fall. When her strict parents force her to get some experimental therapy, she thinks she's going to treat the doctor the same way she does everyone else: like a total brat! But when her time comes to sit down, Emily finds her mind being expanded by the Doctor's hypnotic treatment! Soon Emily understands her true role in life: as a brainless bimbo designed for men's pleasure! Emily dances like a stripper, f*cks like a porn star and promises to drop out of school to please her new Master full-time! And when she finds out his wife was the first girl to undergo his special bimbofying treatment, she can't wait to meet her...Curing The Brat is the first entry in a planned five-volume new series co-written by Neil Bimbeau and his wife, Mia Winters. It does and will contain themes of bimbofication, bimbo transformation, hypnosis, mind control, as well as MF and MFF scenes. 18+ only!
