## Customer Reviews

About Comics is the publisher of the acclaimed Panel One: Comic Book Scripts By Top Writer. In 2004, About Comics launched the original 24 Hour Comics Day, an international annual celebration of comics creation.

I bought these for my daughter who loves to draw anime. The pages are consistent with normal, white copy paper. The breaks are clean and bold. This is a very good quality pad. Overall, a great way to keep creative children and adults busy.

What you see is what you get. It is literally what is on the cover, on every page. This is what we wanted, but I just wish there were perforations, so you could rip them out more cleanly. It's hard to write on each page because of how the book is so tight, and the boxes are close to the binding.

Perfect for my budding comic! She loves that the spaces vary in size. And that every single page is identical. Plus she can cut out pages to share with friends. Very good buy!

I bought this as a Christmas gift for an (almost) 11-year-old boy who has recently become interested in drawing his own comics. He LOVED it! I would highly recommend it. I believe the price is very fair for a great product that will get a lot of use and encourage creativity. :)

My daughter loved this! There are a lot of pages so it is great for learning how to make comics.

Bought this for our 8 year old nephew. It blew his mind that a pre-bound book like this exists. He writes stories daily and he loved it!

Bought this for my 8 year old and he loves it.

Kids love them. Great for young comic lovers
